-  I love it and looks amazing on my petite body. 
-  This dress is a lovely color, however it is very tight fitting on the hips part. Make sure to buy a size larger or try on first before buying.

I ended up getting another dress for the wedding.  
What do you guys think of it?

This dress is so amazing @Lauren - it looks really beautiful.

The other dress was almost perfect but thanks to other reviews  
I got this dress. I did stick to the Aubrey look and feel.

Nice one! Maybe you can buy the other dress for another event?
